

Safety | Smart!

For Networks

March 2005 Update

OVER 150 NEW ITEMS

That's 150 new items added to more than 10,000 resources already in your **Safety Smart! For Networks**. Use it today!

Safety Smart! For Networks now contains:

More than 600 Safety Talks!

Reminders about conveyor safety and Precautions against bloodborne pathogens are two of the topics in this Fall's *Safety Talks!* package.

More than 1100 Articles

A report on the value of close call incidents is just one of the many items included in this update.

More than 100 PowerPoint Presentations

Visual safety communications that complement *Safety Talks!*

More than 400 Supervisor Articles

Look here for help communicating with your co-workers, managing yourself and learning more about recent developments in the wide world of workplace safety.

More than 1800 Real Safety Clip-Art Images

New clip-art in this update is related to attitude, machine safety, security and much more.

More than 6700 Slogans

Use a new slogan with one of the new *Poster Pro* templates.

More than 900 Poster Pro Templates

Make your own safety posters.

New templates include illustrations for close calls and security.

More than 500 Fatality Reports

These true fatality reports really make you "think safety."

Digital versions of Magazines & Newsletters

Included are easy to read, digital versions of our various magazines and newsletters, from *Safety Pulse* to our popular *Safety Smart Magazine*.
